### **Portfolio Strategy**

Octopus Money Passive portfolio range is an investment solution that adopts a diversified approach to asset allocation and invests in predominantly passive funds. The solution offers a complete range of risk graded portfolios from 1 to 10, all well diversified across the major geographies and asset classes. The portfolios have been designed to track the performance of the world's major stock markets. Asset classes and their weightings are reviewed annually to make sure the risk and return profile of each Risk Grade remains optimal.

#### **Risk and Reward Profile**

This portfolio is rated 5 due to the nature of the investments included.
